5. Data have been received from Karnataka for Classes I-X only and not for Classes XI-XII. Hence data for Classes XI-XII have been repeated from the year 2009-10.

6. For Bihar number of Intermediate colleges have not been distributed under different Managements. All of them are shown under Government.

8. Student enrolment shown by Punjab for the year 2010-11 for Classes I-VIII is abnormally low as compared to data for the year 2009-10. Hence data for Classes I-VIII have been repeated from the year 2009-10.

9. Gujarat has provided School data for Classes VIII–XII only and not for Classes I-VII. Hence, data for Classes I-VII have been repeated from the year 2009-10. We have shown these figures under Upper Primary Schools taking figures from 2009-10.

10. Jharkhand has not provided bifurcation of Institutions by Management for the year 2010-11. Number of Teacher and Enrolment by type has also not been provided. PTR has been repeated from 2009-10.

In case of Tamil Nadu, the figure of enrolment provided for School type and Class-wise does not match. In case of Primary & Upper Primary types in Madhya Pradesh, the enrolment for School type and Class-wise enrolment pertains to Government Schools only.

13.   Zero (0) in GER (SC) table for Arunachal Pradesh is due to negligible SC Population and no enrolment indicated by the state.

14.   In case of GER (ST) for Delhi, although there is no ST population, but there is marginal enrolment.

15.   (-) in Drop-out rate indicates that there is no Drop-out.

Methodology adopted for Population Projections in the Age-groups 6-10 years, 11-13 years, 14-15 years and 16-17 years

Single age wise projected population is available for the years 2006 & 2011 for the ages 5-18 years from " POPULATION PROJECTIONS FOR INDIA AND STATES 2001-2026" published by The Registrar General & Census Commissioner, Government of India. These are available State-wise (including Assam) except for North–Eastern States and Goa. For North – Eastern states excluding Assam, combined projection totals are available single age-wise. Age-wise population projections are not available for Union Territories (UTs) and Goa.

<u>For All States (including Assam) except Goa, North–Eastern States other than Assam and UTs</u>.

For each age-group, population has been projected for the year 2010 State-wise, using Compound Annual Growth Rate (CAGR). This has been further refined using the actual State-wise population as available from 2011 census.

<u>For North–Eastern States other than Assam</u>

For each age-group, population has been projected for the year 2010 for combined North-Eastern States other than Assam, using CAGR. This has been further refined using the actual population totals for combined North Eastern States other than Assam as available from 2011 census. These have then been distributed amongst the North-Eastern States using the ratio of 2001 population for each age group.

<u>For Goa and UTs</u>

For each age-group, population for each UT has been worked out for the year 2010 using ratio of population in that age group to the total population in 2001. The same method has been used for Goa also. This has been further refined using the actual State-wise population as available from 2011 census.

<u>SC/ST Population</u>
For each age-group, the SC/ST population for a State has been obtained for the year 2010 using the ratio of SC/ST population in that age group to the total population of that State in 2001.
